Function effectively while confronted with personal danger, including, but not limited to: exposure to armed/dangerous persons, dangerous animals, bodily fluids, communicable diseases, and fumes, hazards of

emergency driving, hazards associated with traffic control and working in and near traffic, and natural and man-made disasters.

Reserve Police Officers are assigned to work various shifts and assignments, and may be assigned to work with little or no notice.

Due to varied and unpredictable nature of police work, incumbents may also be required to perform the following:

WORKING CONDITIONS:

Continued

- Measure distances using calibrated instruments such as when investigating traffic accidents or processing crime scenes
- Make precise arm-hand positioning movements and maintain static arm-hand position such as when sighting and shooting a firearm
- Direct traffic which requires continuous and repetitive arm-hand movements
- Use sufficient strength to enable the incumbent to sprint, jump, or physically overcome resistance when chasing or apprehending suspects
- Coordinate the movement of more than one limb simultaneously such as when using a hand radio while driving a vehicle or searching a building with firearm drawn, flashlight on and opening and closing doors
- Bend or stoop repeatedly and continuously over time such as getting in and out of a patrol car or gathering evidence at crime scenes
- Climb ladders and search rooftops requires lifting arms above shoulder level and working at heights greater than ten feet
- Search for suspects or lost persons require walking over rough, uneven, slippery or rocky surfaces including fields, parks, hillsides and creeks
- Move heavy objects such as equipment (50 pounds and more)
- Lift and carry injured or intoxicated persons short and long distances
- Work outdoors in a variety of weather conditions with exposure to the elements; tolerate very hot and very cold temperatures
- Sit for extended periods of time and may or may not be able to change positions such as when sitting in a patrol vehicle, or performing surveillance
- An officer is required to listen for alarms, screams, breaking glass or other suspicious and unusual noises that may require investigation
- Patrol officers wear a 15 pound utility/gun belt which requires the continuous support from stomach and lower back muscles
- A patrol officer typically spends 7 - 8 hours per day driving a vehicle which requires the continuous support of lower back muscles
- Foot beat and search activities require walking for extended periods of time, unable to stop, sit or rest at will
- Crowd and traffic control duties require standing for extended periods of time, unable to sit or rest at will

The duties listed above are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

The job description does not constitute an employment agreement between the employer and employee and is subject to change by the employer as the needs of the employer and requirements of the job change.
